

Allergen statement

Tim Hortons® is committed to reducing the risk of allergens present in our kitchens. Our priority is to ensure customers with food allergies and intolerances have accurate information to enable them to make safe choices from our menu. Tim Hortons® kitchens have strict controls in place to reduce the risk of cross-contact such as separate storage areas, utensils and cleaning equipment for products containing allergens. In common with other catering operations, our kitchens are fast-paced and have shared equipment and open environments, therefore we cannot guarantee that any product is entirely free from allergens. Customers with food allergies and intolerances should be aware of this information. If you have an allergy or intolerance, please place your order at the till. We cannot guarantee that our meat and poultry products are free from bone. For allergen information for other items such as dip pots, sachets and bottled drinks, see printed packaging for details.
